

What is Hyaluronic Acid?

In our skin, Hyaluronic Acid (HA) is already present in large quantities. It has a significant ability to attract and bind water molecules as HA is important for maintaining structure and volume in the skin. HA dermal fillers are one of the most popular anti-aging injectable treatments available to address age-related changes in skin quality and appearance. They have replaced collagen as the ingredient of choice for skin rejuvenation and volume restoration.

What happens during the Beauty Booster treatment?

A treatment with Redensity 1 consists of dermal injections over the surface of the whole face, neck and/or décolleté using the Beauty Booster injection device for speed and precision. For optimum comfort throughout the treatment, Redensity 1 contains lidocaine which is a local anesthetic.

How long does the effect last?

For optimal result, a treatment plan of 3 sessions at a 3-week interval is recommended with lasting results up to 9 months.⁵ For maintenance, 1 session every 4-6 months thereafter is ideal. However, its effect are temporary and depend on several factors (skin type, treated area and injection technique).

 BOOST COLLAGEN THE NATURAL WAY*

WHAT IS YOUR SKIN TELLING YOU?

The quality, radiance and texture of your skin influence the perception of your age and overall health. It plays an important role in how you feel and how you are perceived.

The skin undergoes natural physiological changes over time as slow and irreversible alterations happen due to **intrinsic factors** which include: oxidative stress, ethnicity, and hormonal changes.

Skin is also impacted by **extrinsic factors** such as: sun exposure, air pollution, stress, lifestyle choices. They lead to a premature skin aging and tend to **aggravate its visible signs**.

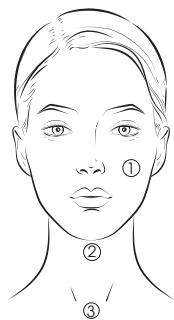

Throughout your life, your skin experiences the consequences of aging such as fine lines, dryness, laxity.^{1,2}

PREVENT THE SIGNS OF AGEING WITH SKIN REDENSIFICATION

Beauty Booster treatments are designed to **protect and prolong your skin youthfulness**.¹

Your face is not the only one to be concerned, your décolleté and your neck are just as important as they all deal with the consequences of ageing.

In one session, TEOXANE Beauty Booster can help you treat these 3 areas:

1 - Face

Loss of elasticity, dry, toneless, dull, with fine lines and wrinkles

2 - Neck

Dry, sagging with horizontal wrinkles

3 - Décolleté

Sagging, toneless with dynamic wrinkles

A UNIQUE 3-IN-1 PATENTED FORMULA

Unlike traditional dermal fillers, this treatment's purpose is not to volumise the face. Teosyal Beauty Booster is a non-cross linked hyaluronic acid, formulated with anti-oxidants, amino acids, vitamins and minerals.

ENHANCE YOUR SKIN QUALITY

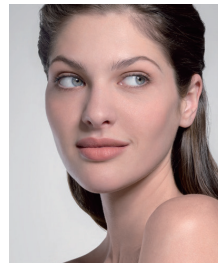

Specifically designed to be the **closest to the natural hyaluronic acid** found in your skin, this **beauty booster** treatment provides:

Improvement of **hydration** (+1400 % of hydrating molecules*), **radiance** and **firmness**³

Correction of skin roughness and crepey skin marked by ageing³

Prevention of wrinkles apparition³

Redensification action through tissue restructuring (+98 % of Collagen^{3**}) and **protection from oxidative stress**⁴

This beauty booster allows you to **enhance and maintain optimal skin quality over the years**.

It can be used as a standalone treatment or combined with PRP

Ask your practitioner for your beauty booster treatment to enhance and maintain your skin quality.
